Arkansas City JAMES LEE, 5 p.m.

Movements at the Levee.

Arrivals—John Gilmore, St. Louis; Smoky City, New Orleans; Ross Lee, Osceola; Coahoma, Friars Point; Jennie Campbell, Ohio River; City of Baton Rouge, New Orleans; Departures—John Gilmore, New Orleans; Smoky City, Ohio River; Ross Lee, Coahoma; Friars Point; City of Baton Rouge, St. Louis; Chickasaw, White River.

General News.

The John Gilmore and barges passed south yesterday.

The DeSoto leaves tomorrow at 5 o'clock p.m. for Cincinnati.

The James Lee goes out this afternoon at 5 o'clock for Arkansas City.

The Guiding Star is announced to pass here tomorrow at 8 o'clock a.m.

The U. P. Schenck is due here, en route from New Orleans to the Ohio River.

The Rosa Lee brought in from Oscoda yesterday morning 1 bale and 33 sacks of cotton.

The Ross Lee for Osceola and the Coahoma for Friars Point departed last evening with fair trips.

The Smoky City, towing a number of empty coal barges, passed here yesterday en route from New Orleans to the Ohio River.

The Friars Point, from the Ohio River, with six barges of stone, arrived yesterday.

The Chickasaw, leaving last evening for White River, was liberally patronized by both passengers and freight.

The City of Baton Rouge, from New Orleans, passed up to St. Louis yesterday. She discharged some freight at the elevator.

The Coahoma arrived from Friars Point yesterday morning with thirty-three bales of cotton, six sacks of seed cotton and 150 sacks of cotton seed.

Robert McCoy, chief clerk of the Ohio, has resumed his duties in her office, Capt. John S. Jones retiring to await something to turn up, which should not be too long, for he is too good a steamboat man to be ashore.

The steamer Joe Walton has been doing some very good work on the Ohio River. She made two trips from Pittsburg to Cincinnati, returning to the latter city yesterday. The first trip she towed fifteen barges of coal and towed back to Pittsburg ten empty barges, two box boats and two empty flat boats. On her second trip she towed down fourteen loaded barges and took back ten empty barges. The third trip, which was to Louisville, she towed seventeen loaded down and five empties back. Her total working time the twenty-eight days coming to her, was forty-five loaded barges, containing 540,000 bushels of coal, and back twenty-five empty barges and two box boats—considered excellent work for a twenty inch cylinder boat.

At Evansville.

Special Dispatch to The Appeal.

EVANSVILLE, Ind., April 10.—The John DeSoto, with two empties, passed up at 9 o'clock last night. The Granite State passed up at 4 o'clock this morning and blocked off and refused freight here for want of storage capacity. She added a few people. Crew all well. The government beam light tender Golden Rod lay over last night, leaving for other points at 7 o'clock this morning. The usual local port list, with fair to beginning receipts, was issued. The river began to rise about 7 o'clock this morning. The Thomas Sherlock, with 300 tons and a good passenger list, dased up in good condition at 4:30 o'clock this afternoon. She will get in Friday morning early.

At Cairo, Ill.

Cairo, Ill., April 10.—The Cherokee passed up this morning with a fair load. The George Morris is cleaning out and will go on to Louisville. The City of Florence from the Tennessee River was well laden for St. Louis. The DeSoto put off 200 tons here and is very well laden for Memphis. The Guiding Star has been here all day adding freight and will take all the room available when she leaves. She will not get away before morning. The City of Cairo will be due at midnight. River 19 feet 6 inches on the gauge, a fall of 7 inches in 24 hours. The New South has an excursion trip of people to Paducah today.

At Cincinnati.

BAD COMPLEXIONS.

The Secret of Their Cause Fully Explained—Why Ladies are Sallow and Men Pallid—Some Valuable Facts on the Subject.

In passing along the leading streets in almost any city in America today, one will meet with but few ladies who have clear complexions. Many persons have come to the conclusion that because of the several climates of America, but such reasoning is wrong. A bad complexion is caused by impure blood, and no lady can be really beautiful and no man ruddy who has disease or impure blood.

The best known way of keeping the blood pure is by keeping it circulating. In this way it passes rapidly through the lungs, kidneys and liver, and is constantly purified. But supposing the system is clogged up, as is frequently the case, then far too often men and women take some powerful purgative, pills or other substances, that clears the body quickly, weakens the strength and health, and in worse condition than before. The only sensible way is to take a daily walk and natural perspiration, moderately but regularly, and the highest known medical authorities of the day agree that the genuine Imported Carlsbad Sprudel Salt is infinitely superior to any other natural preparation known to the world. It is gentle, yet stimulating; it is pure, yet powerful. Containing only natural properties, being excreted from the celebrated Carlsbad Sprudel Spring, it cannot injure the body in the least, and yet it has never failed to renew life, restore health and give a new lease of life to those who have given it up.

Hundreds of doctors have given it their unqualified endorsements; thousands of people each year to the Carlsbad Springs, but they can obtain no information concerning the effects of the salt except in its powdered form, such as can be purchased at any drug store, and as it is not easily soluble, it must be taken, SPOT CASH. Applied externally.
